Greetings L,  
No the Denali I am tracking on my Shipping Updates is the one that went to France. This Denali is not on the Punchlist, but for your knowledge, it arrived in Le Havre on 5/26. French customs contacted Valdson this morning (5/29) to let him know the Denali will be ready for pick up on 5/31 or 6/3. Bella advised Valdson to collect the original Carnet (which I Fedexed last week, and it was received by our broker in France on 5/24) and take it with him.

Carlos dropped the St. Thomas Denali to Caribbean Auto Mart (GMC dealership) this morning. I called him and told him you will need an update this afternoon, before 4:45 pm, for JE.

Hi Daphne...I show Jeffrey's Denali is to go in the shop today to have the AC fixed...I don't know if this is the same Denali you reference in this mail...(line #158 on Jeffrey's punch list and in the priority list) Can you let me know...is the Denali that needs AC fixed going in today? Will we have a turn around time to fix it by 4:45pm today so we can update JE on the call?
