Greetings,  
Seth and I spoke this morning. This is the schedule, to be confirmed by tomorrow 6/4:

Equipment is delivered to Tropical FL 6/5, sails Friday, 6/7 - EDA on STT 6/11 - cleared 6/12 and transported to LSJ  
Seth and crew (2-3) arrive STT 6/12 - will stay on Sapphire property - Crystal Cove condos (2), Sapphire Village (2)  
Seth will email the remediation proposal schedule - estimating 6/13-6/20 (my estimate until Seth confirms)

Seth will only ship scrubbers/dehumidifier equipment - the tools will be checked in and brought on their flight  
He will have the names and DOB information for the crew you me by tomorrow so I can purchase the tickets.
