Ismail returned my call and confirmed they are indeed running on course and will start installing the hurricane shutters this Friday May 31. They will only remove current shutters as they go along. They don't want any window to be without a shutter. He said it will take 2 weeks to complete the project.

This is the approved proposal for the hurricane shutters and the
contact info for Ismail Unerli,
the owner.

The single accordion shutter is for the LSJ staff cottage.

The GSJ shutters are for the staff cottage.

Ismail will be doing the demo of all existing and all the
installation.
