I just spoke with Mike. He says he cannot pick up the Tropical and the F450 is not on STT to pick up the ABC Nursery plants either. He is going to send an email shortly.

Mike! We must clear as much as possible! All abc plants at tropical along with other stuff! Daphne says: They would have to be picked up today - the warehouse is not open. The flatrack of cement bags can be pulled to the outside and Johnny Weekes can get it from outside the gate this weekend - that is how the palms were collected that Sunday.  
Mike needs to make the decision right now - Tropical closes in 2 hours and 22 minutes

This is priority!! We finally get the barge! Make this happen! Ok!?!

Hi All,

Mike, I spoke to Daphne and asked that we are allowed to purchase a truck load of sand for the GSJ cottage on St. James' account with Heavy Materials. Upon receipt of the invoice, we will issue a check to you or them, with ever way is more convenient, Daphne please let me know.

██████ I have been in touch with the owners of Global Marine, what time we still do not know. The weather is of concern to them since it can be fairly rough going into GSJ. He told me we would have a time by this afternoon- I am trying to ensure he keeps his word- at any rate we are on standby.

I will continue to keep you posted.

Good Afternoon all,

██████ It has been a struggle to get in touch with the owners of Global Marine. My next step is to go by their actual home and see if i can meet with one of the owners there.

I should have a response for you by tomorrow, Thursday, and hoping to schedule the barge run (if they agree) for Friday AM. I will keep you posted.

Hello Mr. Roberts and Shay. Following up to see if you have heard back from Global Marine re when you can use their barge to transport sand and the large mixer you need on GSJ to complete the cottage. Please let us know as this is holding up the completion date of the cottage. Jeffrey has suggested you use 'Mike's barge'. Would this help?

Daphne, any better idea on when our barge will be back? Last I heard it was first week of June which is next week.

We have a conference call today at 4:45pm and Jeffrey will be asking for a completion date.

Thank you and look forward to hearing back.  
(ps: Mr. Roberts, I tried calling but phone went to VM and your message box is full)

Thank you,
