High guys, update:

Nico Shaner and I will be arriving Sunday, June 2, AA Flight 1391 2:57PM

We depart Tuesday, June 4, AA Flight 943 2:41PM.

We will have a car and we'll be staying near Redhook area...waiting for hotel/condo confirmation now.

Mike, I am assuming we will come there first on Monday to get a look at the

existing facilities as we talked about, discuss the recent/previous improvements, plans for both sides and thoughts on the project approach, etc. I assume you will want us to meet in Redhook on Monday morning for shuttle over but let me know if there are different arrangements, or let me know time and place. Also, we are completely flexible on schedule and, if one day isn't enough to see and discuss everything, then we will also have time on Tuesday morning.

My cell phone is [REDACTED].

Look forward to meeting with you all.

Thanks [REDACTED] I will forward flight details.

It was our intent to rent a car/hotel on St. Thomas and meet at Redhook for trip over on Monday/Tuesday so we would have mobility to look at previous work, etc. No need to impose on staff (except for the boat ride over) unless you have other plans for us. Let me know.

Hi [REDACTED]. How does this Monday, June 3rd work? We would travel down on Sunday giving us all day Monday and Tuesday morning, returning to Miami on Tuesday afternoon. It will be myself and one of our electrical engineers as we need to review existing facilities at the site(s). This should be enough time.

Let me know and I will book travel arrangements.

Thanks [REDACTED] It's looking like next week.
We had a few commitments to clear out and
also to give everyone a chance to review the
docs. I will get back to you today with some
dates. Thanks again.

Michael,
Just to confirm, we
have received all the
information. We
forwarded some of it
to the folks at Center
Marine and our in
house electrical folks
have looked at it.
The next step for us
is to come down and
take a look as you
suggested. I'm
getting our schedules
together now and
will be back to you
shortly to work out
timing that is good
for you.

Thanks again for
sending.
