Thanks Leslie. I will forward flight details.

It was our intent to rent a car/hotel on St. Thomas and meet at Redhook for trip over on Monday/Tuesday so we would have mobility to look at previous work, etc. No need to impose on staff (except for the boat ride over) unless you have other plans for us. Let me know.

Hi Lesley. How does this Monday, June 3rd work? We would travel down on Sunday giving us all day Monday and Tuesday morning, returning to Miami on Tuesday afternoon.

It will be myself and one of our electrical engineers as we need to review existing facilities at the site(s). This should be enough time.

Let me know and I will book travel arrangements.

Michael,  
Just to confirm, we have received all the information. We forwarded some of it to the folks at Center Marine and our in house electrical folks have looked at it. The next step for us is to come down and take a look as you suggested. I'm getting our schedules together now and will be back to you shortly to work out timing that is good for you.

Thanks again for sending.
