This would be the type of email I would forward to jee with definitive info. All the other correspondence i would not. I also would send to him as they occur. We should decide who sends so that he does not receive from both of us...

Thank you.

Btw great job with follow ups

Good morning Leslie,

Per our conversation, we are on schedule for delivery and start installation by this Friday 31st if weather allow us. It's heavily raining here and all installation is outside so we will work around weather. The installation will take around 10-14 work day. Please do not hesitate to contact me with any questions.

Best Regards,
