Jeffrey

Jeanette Eaton Will be the sales rep for Sikorsky on your demo flight tomorrow, if you remember Jeanette was on board when you and I demo'd the Bell 429 in NYC several years ago, when the air condition gaspers dripped water on our lap from condensation, she remembers you and looks forward to seeing you again.. she is with Sikorsky now, Head of sales.,

Darren Rothell is meeting me at AAG tomorrow for the S76C++ acceptance flight at 11am.

Also, Jeanette has arranged for a 10min S76D demo ride for Darren and I tomorrow at AAG 9:30am, Before they head to NYC to pick you up at 11am.

Just FYI info

Thx
Larry
