High guys, update:
Nico Shaner and I will be arriving Sunday, June 2, AA Flight 1391 2:57PM

We depart Tuesday, June 4, AA Flight 943 2:41PM.

We will have a car and we'll be staying near Redhook area...waiting for hotel/condo confirmation now.

Mike, I am assuming we will come there first on Monday to get a look at the existing facilities as we talked about, discuss the recent/previous improvements, plans for both sides and thoughts on the project approach, etc. I assume you will want us to meet in Redhook on Monday morning for shuttle over but let me know if there are different arrangements, or let me know time and place. Also, we are completely flexible on schedule and, if one day isn't enough to see and discuss everything, then we will also have time on Tuesday morning.

Look forward to meeting with you all.

Thanks Leslie. I will forward flight details.

It was our intent to rent a car/hotel on St. Thomas and meet at Redhook for trip over on Monday/Tuesday so we would have mobility to look at previous work, etc. No need to impose on staff (except for the boat ride over) unless you have other plans for us. Let me know.

Hi Lesley. How does this Monday, June 3rd work? We would travel down on Sunday giving us all day Monday and Tuesday morning, returning to Miami on Tuesday afternoon. It will be myself and one of our electrical engineers as we need to review existing facilities at the site(s). This should be enough time.

Let me know and I will book travel arrangements.

Hello Paul. Would you please let me
know when you can visit the island?

The sooner the better please. Look
forward to hearing back from you.

Michael,
Just to confirm, we have
received all the
information. We forwarded
some of it to the folks at
Center Marine and our in
house electrical folks have
looked at it. The next step
for us is to come down and
take a look as you
suggested. I'm getting our
schedules together now
and will be back to you
shortly to work out timing
that is good for you.

Thanks again for sending.
