It was purchased from ABC home and was displayed as a wall=mirror there. But I guess you can use it in a different way if it works.

[REDACTED] are you back in New York? I have something for you and would like to meet with you at any place that is convenient for you. I won't take more than 5 min. Please let me know.

Thank you.

Was this really supposed to be a mirror? It is very, very thick and almost a foot wide. To me it seems like it could be a table top because there were lots of other tables with that material. It doesn't seem to be something that would hang on a wall.
