Subject: FYI: instructions on how to change master code on our door locks

1. Enter existing Master =ode:
[1] [2] [3] [4] =5].
A beep will =ound and the lock will open.
 2. Within 5 seconds, enter Master Program Address:
[AL] [1] [AL].
 3. Within 5 seconds, enter new =aster Code:
[5] [4] =3] [2] [1].
 4. (For =aster Code only):
Press [AL].
 5. =nter Master Code again to validate (only the Master Code must be =alidated):
[5] [4] =3] [2] [1].
Six =eeps will sound and lock will relock after about five seconds.
 6. Test the new Master Code. =nter:
[5] [4] [3] =2] [1].
A beep will =ound and the lock will open.
