It's nearly impossible!

I am walking in ABC home and see these towels for sale! These are the towel= I custom ordered at gracious home for the plane long time ago and then was=told that the order had to be cancelled because gracious home was shutting d=wn.

There are only 2 of them on final sale here at ABC, I asked the sales lady i= there are more and she told me straight away that there were hand towels a=d the lady called Joyce Allen bough them. Don't know how she even r=membered the name.

So funny!
