Hello again. JE wants me to try and find the lights which Gary Moses needs for the ceiling of the St.John side terrace outside. Gary said he needs the WAC lighting 3" low voltage remodel lights. I'm trying to find in NY exactly what he needs. Can you pls show him this link and ask if this is it, and if so, what housing and what trim is needed.. if he can give model numbers and quantity of each please. Thanks!

so you know, JE has asked him to install the small recessed lights on the St.John terrace the same as what we have on the main terrace.

Thanks!=?xml version=.0" encoding=TF-8"?> <!DOCTYPE plist PUBLIC "-//Apple//DTD PLIST 1.0//EN"
