**Subject:** new iPhone

I phoned the apple store on 5th. There is going to be an a=nouncement tomorrow. Obviously it is regarding the phone but they told me =hey cant speculate anything and cant confirm whether there will or will no= be a new phone in stores and when. I will watch tomorrow.

They do have a reuse and recycle program where when you purchase a new phon= you can turn in your previous iPhone provided you have an activated contr=ct.

Uou will get some value off the new phone but again di=nt say how much. In this case I may have to take the girls that are here w=th me when I purchase. In any case I think there may be limits on amount o= phones per person so I will round up the troops when the time comes.
