Dear friend,
I have some questions.

- 1) With the free shipping price, I can ship the item to Florida, USA, but I only ship the item to the port, which port is your favorite? Miami, Jacksonville, Tampa or others?
- 2) The item will be delivered with the original bill of lading, so after the item has been shipped, I will send the Bill of Lading to consignee. Following Consignee's address is correct, right?

Roy Hodges - LSJ
Little St. James Island
Tropical Shipping
9505 NW 108th Ave
Medley, FL 33178

- 3) The information of the notify party on the bill of lading is the same to the consignee, or the information of your freight forwarder?

If you choose your freight forwarder, please provide the whole information (complete name and address)

- 4) To United States, the item must be filed ISF, please give me the responsible person's phone number. And keep it unblocked, our broker will call him to complete ISF filing.

Wait for a quick response.

Sincerely, Lisa
