I know what you're saying, but I honestly don't think he is ready to =ave an adult conversation yet. When I texted him back last night before =e called in response to "what were you thinking about silly goose" I =aid " I had been wondering if you got my last email since there was no =esponse. I was worried. Can you please tell me why you were in the =ospital?"

He responded "call ya later"

I know I need to be more blunt in my responses and tell him he needs to =top playing games, etc, but I actually am not sure it will do much =ood.

I agree =t's an appropriate response, but I'm being a bit immature myself and =ot wanting to respond at all. I still need to work on my =onfrontational skills.
