Your email was the definition of a shit sandwich. I =m

Always around to talk but if you want no more communication than =hat is fine too. 3 and a half years and you do this over the phone =ithout even the option of speaking face to face. That is disrespectful =o no end.

I'm not sure yet what my =chedule is going to be. I have 2 boxes of your clothes I was going to =end out, and a bag with more breakable/valuable things I don't want to =hip(lobster, jade mask, Cartier watch,etc) Your piano and bull skull =re at 71st, so I would have to bring those back over if you wanted =hose. Obviously the piano will have to be shipped at some point, or =rought down on the plane if that ever =appens.

You said before you =ren't making your decision to come based on me, but then you got mad =ecause I didn't try and stay in NY when I was due to leave very early =orning the next day for work. I feel like you keep trying to have =idbits of communication, but nothing of substance. You send me a photo =f your hospital tray "by accident" on 2/8/12. The paperwork on the tray =as dated 2/7/12. It doesn't seem like you would send someone a photo of =ay old food and say "food finally". If you wanted me to know you were =n the hospital, just tell me. You still haven't responded to my long =mail. You don't seem interested in talking about or addressing some =erious issues that concern me. I can't ignore them. If you can't =ddress them right now or don't want to talk about it, then that's fine, =ut then I need some space. I can't keep playing these games. =br>
