Yes, i believe that WAS true...but as of last Thursday, Jeffrey and =regory decided to go ahead and request ARitfacto to go ahead and =eliver everything they have in stock asap...we just needed them to take =n inventory of what they had and we needed Rich to pay the =nvoice...sorry you were not aware! So I can help while Gregory is =way, I will call tomorrow to find out what and when we will receive =hatever they have in stock...then perhaps this will help ██████ also...
