good evening,

I've just spoken to JE about his steak=and how we can prepare it on the occasion I am not around. JE would like=me to hold a class tomorrow about it.

I have a=full proof and very easy technique to share with all of you. It is a relat=vely new cooking technique called "sous vide" that will yield th= exact same results every time, and will work for any and all meats if you=follow the right steps...

I have time tomorrow at 2:00pm and then the rest of my =eek is getting pretty busy with cooking for guests. i hope this can work f=r all or most of you.

Please let me know who w=ll be able to attend and if we might need to reschedule. Looking forward t= another class with all of you.

Thanks
Francis
