Hi Karyna,

I spoke to [REDACTED] office. It is totally fine for [REDACTED] to go in and do her pre-op a week before surgery. Please email or call Jillian [REDACTED] <mailto:[REDACTED]> / [REDACTED] directly to set up the new appointment. Important to remember is that two weeks before surgery she cannot take any NSAIDs (that includes Motrin, Advil and any other anti-inflammatory drugs), as well as aspirin of course or any other blood thinners, including fish oil.

To reschedule the [REDACTED] appointment just email or call [REDACTED] ([REDACTED] / [REDACTED] <mailto:[REDACTED]>).

[REDACTED]
To: [REDACTED] </=>

<mailto:[REDACTED]>
[REDACTED].

Thank you very much Eva!

ok I will check.
Tell me her full name again .
