Hi [REDACTED],

Yesterday i increased your limit \$5=0 for car rental as per JE request. As you can see from below other charges=were made that exceeded your limit of \$3500 by \$329.71. That was the reason=that Hertz charge was declined. Please explain charges other than Hertz. I n=ed to lower your limit back to \$3000 unless you will receive JE appro=al for a higher limit. You can start using your card after May 10th.<=div>
