Hi Jennifer, thank you for your response!

I love cats and lived with them my whole life. I am a dentist and have a full-time help, so my cat will have a great attention!

How old are your current kittens? Ideally I would like to find a show or pet quality blue mitted female, otherwise blue colorpoint or lynx. Please let me know if you have someone in the current litter.

Feel free to give me a call at [REDACTED]

Thanks a lot,
Karyna.
