Thank you for the introduction Eva.

Ira, please let me know what would be the best time for you to receive the specimen from me.

Thank you very much,

Karyna.

Hi Ira and Karyna,

I would like introduce the two of you so you can get to know each other on email and so you can set up a time to meet either tomorrow or Monday. Karyna is the daughter of that patient in Russia that I told you about, Ira. She is receiving the specimen tomorrow and can bring it up to you. I will let two of you take it from here.

Have a nice weekend.

Best,

Eva
