Please see attached the chef's potential menu for Friday and Saturday..
just so you know, JE had lunch at Jean Georges a few months back and told Steve that's the type of food/chef he wants.
So, we all had dinner last night there with the chef and Steve so he could see the type of food, portion size, presentation, etc..

After our dinner and talking with Sarah these are some ideas for menus I have put together.

From the dinner menu I was planning on doing 3 amuse and then one dish from each other course.

From the lunch menu I am planning on doing 3 amuse and again one dish from each course.

Francis
