Hey Sarah

Please see the attached for instructions for our FTP site. Once the file has been copied onto our site, please email me the file name & I will have a proof made on the material. I will call shortly to discuss the framing.

Thank You
Steve

Hi Steve,
I'd like to start just by getting my photo printed on canvas, see it in the room, then decide about getting it stretched later. Please let me know the best way to get the image to you; FTP site, etc.
thanks
