The previous towels we had for pool towels were from=Front Gate. They offered monogramming. I reordered new pool towels from th=m earlier this year and JE did not like them. I have shown him a few sampl=s of high end towels and he didn't like those either. I know he wants =hite pool towels which we can monogram LSJ on, but he doesn't seem to =like any I show him. I think the best bet is to buy a few samples from diff=rent places, try to find a basic towel he likes then get them monogrammed =omewhere. I think the key is just finding a towel he likes the feel of whi=h is large enough for a pool towel.

Hi █████;

I'm just curious if you or █████ might have any details regar=ing the pool towels? JE has asked Karyna to handle it, but we are not s=re what he is looking for? As far as size, quantity, brand, embroidery?=/div>

Any info from past orders or what you have at other pro=erties would be helpful too.

Thank you!

Stephanie
