Hi Anthony,

I'm going to be doing a bit of work on some of the apts soon. We will be moving the 2 offices out of 10B and 10F and turning them back into guest =pts. I was wondering if I could get your help in scheduling some of the work that needs to be done, especially refinishing wood floors, or installing new wood floors.

10F needs a totally new floor installed. There had been some issues with =arge "bubbles" coming up in the floor and the whole thing is just a =ess. I'd like to use the charcoal gray parquet wood floor you have been =sing for your other apt renovations.

10B needs the carpet taken up and the wood floor refinished in living =oom and bedroom.

8H will need the wood floors refinished in living room and bedroom.

Who do you use for this work? Is the gray parquet flooring reasonably =riced? and I'm assuming it's much less expensive to just refinish the =looring in 10B than it would be to replace it?

Also, JE told me he wants me to find a different contractor to use =nstead of Penn for my new apt. He says he's unreliable, etc.. Do you =now of anyone else you would recommend?
