Bathroom looks good, I really love the tile!

The grill as Penn explained should look modern, with horizontal parallel st=ipes, but I haven't seen the final look in real. I know Anthony said i=s going to be 1000-1500\$, that's why I thought may be to keep the=old ones, the bathroom came out so expensive..

Thanks. How's the bathroom looking?

I think you could definitely use some new radiator covers, so now w=uld be the time to do them before painting. I did tell Penn to go ahead, b=t I've asked him to send me a photo of the grill he plans to use becaue I want it to be modern, not one of the old traditional looking patterns.=A0

Are you happy with him doing the new covers?

Hi █████,

Just want to ask you about radiator covers for █████, when I spoke with Anthon= I said to him to leave it as it is, as it appeared quite expensive to put=new ones, but the Penn told me today, that he has got your approval to put=the new ones, is that right?

Also there is one bookcase from the store called Lazzoni, that I had to can=ell, as they have changed its design, so there should be a full refund on =our credit card.

And also Penn said that they should be done on Thursday with the bathroom i= █████, so painting can get started on Friday.
