Subject:	10F flooring

Hi Andrew,

I wanted to touch base regarding the floors in Apt. 10F. We will be =eady to start the work on the floors the week of June 11th. I'm going =o have the bedroom carpet pulled up and the parquet refinished in =ountry White color by the flooring guy you use, Kevin.

We also want to have the living room floor refinished in Country White. = know the white finish is more expensive than the Ebony that you've =een doing. So I'm wondering what the best way to handle this would be.. =For you guys to repair the holes in the flooring to get the parquet =eady for refinishing, then we will take care of the refinishing costs? =oes this seem to make the most sense?
