**Subject:** Good morning!

Hey babe. Ok. Nothing is going to happen tomorrow during the day. I can take=the 10:35am to Rome or you can come here and we can take the 2am flight to R=me Tuesday. I just want to see you so bad. I want you here right now, with m=.

Either me meet you there or you come to here and we go together or to Dubai o= wherever. I don't care but I don't want to wait to see you. What is our be=t options? Any flights that get me to Rome are a half day different than yo=r flight unless it's the 2am flight. So you can fly to here via dubai and l=nd at 10:30am. Spend the day here on the beach then leave at 2am or I can m=et you there but if I take the 10:30 I get there at 6PM. There is no flight=that gets you there at the same time. You will get there in the morning and=I'll get there at 6PM :-( I cant figure it all out. It's driving me fucking=cray trying to sort this and I'm not having fun anymore.

Or we can just meet in Dubai and figure it out from there. I don't know and d=n't care but I want to see you. What do you want to do. I will do anything.=I can take 10:30 land at 6 or can meet you here or can meet you in Dubai bu= I don't want to sit here all day tomorrow without you. If I'm going to tak= direct 2am Tuesday then I want you here with me until this which is selfis= because you will have to fly more but that's how I feel. Anyways I'm going=on and on but I can't even enjoy the race because I'm thinking about you an= how to see you. So what do we need to do? Tell me. Please.
