I know JE is also aware ho= old the TVs are, etc. He got a quote awhile back to replace everything but=never did. Honestly I don't think anyone really watches TV except in the ki=chen. So the fact there is no cable elsewhere is fine.

Dear [REDACTED],  
Do you think anything should be done about it?  
Please advise  
Thank you

Valdson told [REDACTED] and also Mr. Epstein. So both [REDACTED] and Mr. Epstein are aware of the situation about the TV.

&nb=p;

\*=nbsp; The 2 TV sets (kitchen and Mr. Epstein's bedroom= which are working, are old TV sets (approximately 10/12 year old). <=font>

\*=nbsp; There are 4 TV sets in the 4 bedrooms for guests and 2 T= sets in the 2 rooms on the top floor.

No real problem! It has been like this for a long time. My understanding is that no subscriptions are paid for several TV sets and according to Valdson t=e other TV sets are too old and cannot be adapted to get any channels. This ha= been so for more than 2 or 3 (???) years!

Best regards.

I checked with Valdso=, who just confirmed on the phone that as of today, everything is in working order in the apartme=t.

Please note however that "cable TV" works only in Mr. Epstein's bedroom and in the kitchen. The other TV sets do not get "cable TV". █ is fully aware about this.
