JE is asking if they can make a frame out of wood to match the door frame to the right of the cross in white. Same size and design as the door frame in wood painted white.  
Thanks Wendy..

Here are new pics. Please note : the picture is 10'2" and from the top of the baseboard to the bottom of the molding the measurement is also 10'2". The frame is 4 inches wide with 1" 1/4 thickness. With the frame attached, the picture will sit at the top of the cross hangers on the molding. (They will have to be moved to the ceiling for it to fit.  
As far as Brice, I saw him twice for less than 2 minutes the whole week.  
Let me know any new thoughts.....
