=p class="MsoNormal">does Valdson =old JE about it? Can Valdson provide a list with old TV sets that have to be replaced? Why do =e keep old TVs that are useless? Anybody mentioned it to =E?

No real problem! It has been like this for a long time. My understanding =s that no subscriptions are paid for several TV sets and according to =aldson the other TV sets are too old and cannot be adapted to get any channels. =his has been so for more than 2 or 3 (???) =ears!

I checked with =aldson, who just confirmed on the phone that as of today, everything is in working order in the =partment.

Please note =owever that "cable TV" works only in Mr. Epstein's bedroom and in the kitchen. The other TV sets do =ot get "cable TV". [REDACTED] is fully aware about =his.
