I'm not too sure.. I think Dana is the one who =rdered them. I could ask Bella if she would know. Or maybe BenHur could =ive it a go? They aren't that important, so we could go with a less =eputable shipping moving company

Hey =ich.. I'm hoping you are feeling better..

We will be =ending 4-5 of these glass top desks with the chrome wheelie drawers to =SJ from the offices at 301. I will need movers to pick up, crate and =elivery to Tropical in NJ. Is IFL very expensive to do this? Do they =harge alot for the =rating?
