Hi [REDACTED]

Sorry I was driving at the time I sent the last one and it sent =rematurely J I only took a small peek because I didn't want to pull up too =uch carpet and ruin it (but I guess you're replacing it =nyways?). If it's ok, I'll go ahead and pull up a chunk =rom the hallway to get a better a look. From the few inches I saw, it =ooked as if it were regular wood floors and not the parquet. =o:p>

Tomorrow I have requested the day off so I can finish packing and =ill do it then if that's ok? I can't believe how much stuff = have... especially considering I moved to NY with only a suitcase =ull of stuff!!

Hope to see you one day soon, [REDACTED]

Best,  
DB
