hi [REDACTED]  
..i just got back in new york. i put the visa in my passport.. so now i can travel out of us. at some point jeffrey wanted me to go lsj but i couldnt go because i didnt have the visa in my passport so i couldnt come back in us from st thomas, even the visa was approved..

.....  
michael is still in romania. he said he would come if there is some work to do. i'm thinking if there are more apartments to paint then he would come.  
=3Beventually i could do some paint too if jeffrey doesnt want me to do any project for the moment and if the apts are not too bad..i mean they dont need a lot of compound and sanding..  
by the way, can you please ask jeffrey if he has any project in mind for me to do?.. i e-mailed him like a week ago that i will be back may 14th and he said ok... but then maybe he forgot..  
thank you
