hi [REDACTED]

..yes, i went with sue today and we checked all the apts. and i told her all the details..

anyway, the time to do the ap=s would be like 3 days for studios and 4 days for apts, maybe 5 for the bigger one, with two people working. i'm just approximating the time..but=it might be faster..or longer? we will see after first apt.

su= said that you want to change the crown molding in one apt... and i sugges=ed to change the base-board too, eventually in all apts. if you =and all the floors then would be much nicer with new base-boards... i told=sue that maybe michael can do that.. instead of getting an contractor. mic=ael is good in that, he might need only to rent from home depot a machin= for cutting corners..

.....=.

so sue said wednesday they will sand the floors so maybe thursday we =an start painting ( prime, and then two coats of paint on everything)

> I know you saw the apts we wish to paint today. Can you let me =now approximately how long you think it will take to paint the studios and=how long it will take for the one bedrooms? I know each one is a different=size, but just an approximation would be great. thanks I'm just trying t= schedule other work around the painting
