sorry, it was yesterday that I spoke with him.. I just have misunderstood him as I thought he had said he left it the natural color of the wood and just put a protective coating on.
Regardless, the floors look great! I will let you know when we are ready to have the remaining apts done. 10B should be ready to work on by middle to end of next week. There is carpet in the living room and bedroom which will need to come up, then stained the same as the other 2 apts. They are moving out of the apt on Tuesday, so I can set you know once it's ready for you to start.
Should I go ahead and give you payment for 11P and 8H?

Thanks Colette.. I saw our flooring guy today and he said they did not stain the floors with the country white, just left the wood as its natural color. Does this effect the price since they didn't do the country white stain?
