Subject: Keypad 8H

I have just had a thought...who installs the keypads on the apartments in 301. We should do this for Karynas apartment (8H) before they start to paint. As lons quote was fairly high we are having Michael to come have a look and give us a quote for him to do it by himself. He would be available to start on Monday if his prices are suitable. It would take him a couple of days and we could leave the front door until las,t to paint after the installation, if necessary.
