Hi Marisa,

I'm very sorry, but is it possible to take the vanity off of the order? We are having trouble finding a sink which will fit that we could get in the time frame we need. I think we will need to buy a whole new unit which has both vanity and ceramic sink together. I'm sorry for the inconvenience. Pls let me know if it's possible. Thanks

Attached is the cc form. I revised the quote and removed the sink. Please let me know if I have everything correct. Also, can you let me know delivery address? And since its curbside, a contact number.

Thanks!

Marisa

Hi Marisa,

I'm ready to place the order for the tiles, toilet, grout, vanity, (no sink), shower fixtures with the square handheld, and sink faucet with white insert. What is the best way to make payment and get the ball rolling?

Hey [REDACTED],

Nice meeting you yesterday. Please find your quote attached for the tile which is in stock, as well as the toilet and the bathroom shower and vanity fixtures. I also included our unsanded white grout for the tile. The earliest we can deliver is Tuesday, via curbside and the delivery charge is \$80. In terms of vanities, the Dylan vanity you had liked will take 10-12 wks to get, I didn't put it on quote, but let me know if you have that timeframe. The vanity price I included is the white 2 drawer pol that you saw here in the showroom that has the greenish glass top. Let me know what you think and I have attached the specs as well, and let me know if I missed anything.

Thanks!

Marisa
