Dear Leo,

<span style="font-family: ".SFUIText"; font-size: 17pt;"><=r>

Karyna told me you will be cleaning [REDACTED] tomorrow and I explained to her that I left in a frenzied state as I completely underestimated the size of this move.

So just wanted to send a few notes and thank you in advance.

<span style="font-family: ".SFUIText"; font-size: 17pt;"><=r>

Bedroom -

Anything lying around like socks or small items of clothing please throw.

Hairdryer, any other hair or other appliances please also throw.

Can you please also look on the floor before vacuuming just in case there is any jewellery.

<span style="font-family: ".SFUIText"; font-size: 17pt;"><=r>

Bathroom -

Throw anything there.=/p>

I bought new light bulbs for all the lights but did not get a chance to clean.

The bathroom is clean though=and cleaned the shower, shower door and walls after I used it.

<=pan style="font-family: ".SFUIText"; font-size: 17pt;"><=r>

Mirrored closet in hallway-<=span>

There are some folded up box=s, bubble wrap and packing material in there if you want to take to 71st.</=pan>

There is some light machine o= the top shelf that can be thrown.

There are about 8 light wood=frames in there that Karyna should look at. He gave them to me once out of h= art room at 71st.

<=pan style="font-family: ".SFUIText"; font-size: 17pt;"><=r>

Small closet in hallway -

There is toilet paper, paper=towel, washing fluid.

Any other bits and pieces pl=ase throw away.

<=pan style="font-family: ".SFUIText"; font-size: 17pt;"><=r>

Living Room

There are 5 boxes, my deskto= computer ( with keyboard , mouse and cords ) and two Ralph Lauren clothing=covers in navy blue that I need to keep!! I will send you a photo of them. M= Epstein has said that I can store these in the basement at 71st street. &n=sp;If you can be careful with them as they still need to be properly sealed= and everything inside is valuable or fragile, except one which is books an= documents. I think they need to be lifted from underneath as they contain g=ass things and could be heavy and I don't want them to fall through=

<=pan style="font-family: ".SFUIText"; font-size: 17pt;"><=r>

There is another box and a b=g next to the sofa by the sofa side table which I was keeping for Blanca. T=is you can sadly throw because she didn't manage to take it all. Al= else you can throw unless you find anything that looks very valuable.

But books, one candle, magaz=ne or papers if you see can be thrown.

<=pan style="font-family: ".SFUIText"; font-size: 17pt;"><=r>

Kitchen -

Please throw everything. Foo= in fridge, tea in cupboard, anything else in cupboard. I think karyna will=want to throw everything. There is one blue hermes cup and saucer that I wo=ld love if you could keep for me and put in one box.

<=pan style="font-family: ".SFUIText"; font-size: 17pt;"><=r>

I'm sorry, I know th=s is long, but I really fell short of time. I should have hired a professio=al moving company. I just did not manage well on my own.

<=pan style="font-family: ".SFUIText"; font-size: 17pt;"><=r>

I will send the list of ever=thing that is in the boxes to you Les and karyna.

<=pan style="font-family: ".SFUIText"; font-size: 17pt;"><=r>

Thank you Leo!!!! I really r=ally appreciate this!!
