=span style="font-family: ".SFUIText"; font-size: 17pt;">Dear Le=,

<=pan style="font-family: ".SFUIText"; font-size: 17pt;"><=r>

Karyna told me you will be c=eaning 10 F tomorrow and I explained to her that I left in a frenzied state=as I completely underestimated the size of this move.

So just wanted to send a few=notes and thank you in advance.

<=pan style="font-family: ".SFUIText"; font-size: 17pt;"><=r>

Bedroom -

Anything lying around like s=cks or small items of clothing please throw.

Hairdryer, any other hair or=other appliances please also throw.

Can you please also look on t=e floor before vacuuming just in case there is any jewellery.

<=pan style="font-family: ".SFUIText"; font-size: 17pt;"><=r>

Bathroom -

Throw anything there.=/p>

I bought new light bulbs for=all the lights but did not get a chance to clean.

The bathroom is clean though=and cleaned the shower, shower door and walls after I used it.

<=pan style="font-family: ".SFUIText"; font-size: 17pt;"><=r>

Mirrored closet in hallway-<=span>

There are some folded up box=s, bubble wrap and packing material in there if you want to take to
71st.</=pan>

There is some light machine o= the top shelf that can be thrown.

There are about 8 light wood=frames in there that Karyna should look at. He gave them to me once out
of h= art room at 71st.

<=pan style="font-family: ".SFUIText"; font-size: 17pt;"><=r>

Small closet in hallway -

There is toilet paper, paper=towel, washing fluid.

Any other bits and pieces pl=ase throw away.

<=pan style="font-family: ".SFUIText"; font-size: 17pt;"><=r>

Living Room

There are 5 boxes, my deskto= computer (with keyboard , mouse and cords) and two Ralph Lauren
clothing=covers in navy blue that I need to keep!! I will send you a photo of them. M= Epstein has said that I can store
these in the basement at 71st street. &n=sp;If you can be careful with them as they still need to be properly sealed= and
everything inside is valuable or fragile, except one which is books an= documents. I think they need to be lifted from
underneath as they contain g=ass things and could be heavy and I don't want them to fall through=

<=pan style="font-family: ".SFUIText"; font-size: 17pt;"><=r>

There is another box and a b=g next to the sofa by the sofa side table which I was keeping for Blanca.
T=is you can sadly throw because she didn't manage to take it all. Al= else you can throw unless you find anything that
looks very valuable.

But books, one candle, magaz=ne or papers if you see can be thrown.

<=pan style="font-family: ".SFUIText"; font-size: 17pt;"><=r>

Kitchen -

Please throw everything. Foo= in fridge, tea in cupboard, anything else in cupboard. I think karyna will=want to throw everything. There is one blue hermes cup and saucer that I wo=ld love if you could keep for me and put in one box.

<=pan style="font-family: ".SFUIText"; font-size: 17pt;"><=r>

I'm sorry, I know th=s is long, but I really fell short of time. I should have hired a professio=al moving company. I just did not manage well on my own.

<=pan style="font-family: ".SFUIText"; font-size: 17pt;"><=r>

I will send the list of ever=thing that is in the boxes to you Les and karyna.

<=pan style="font-family: ".SFUIText"; font-size: 17pt;"><=r>

Thank you Leo!!!! I really r=ally appreciate this!!
