Hi Kim,

Thank you for this updated quote. I'm wondering if you =ould have someone come over to the house to do a proper measure of the =oom before we submit this order for production? If I remember =orrectly, I don't think anyone

has measured the room, but we were just =oing off of the floor plans. Is it possible to set up a measurement =his week, then we can finalize the =rder?

Thank =ou!

Marc leaves for Nepal this Friday and I will make sure he =discusses expediting this order with our production =anager.

I have worked very successfully with Sarah over the past =even years, and value Jeffrey's business. In these =ifficult times, we cannot afford to lose a very good customer =through bad service and =iscommunication.

Please call me if you have any other =uestions.
