Hi Andrew..

Any updates on this? If we can install easily, I want to arrange for the delivery and installation of all new kitchen appliances for 8H before we start painting which will be soon. Thanks

I was going to change out my dishwasher for the above in one washer dryer. I was also going to put one in 8H to replace the dishwasher.

Do you see any reason it won't work? Just want to make sure before I schedule it to be delivered and installed.

Also, Andrew, if you can pls let me know when the fridge can be delivered for 8H; if the cabinet above the existing refrigerator has been taken down so the 75" tall one will fit.

I'd like to get the new appliances installed in 8H before the apt gets painted. =br>Thanks..
