Hi [REDACTED],

Just want to ask you about radiator covers for 8H, when I spoke with Anthon= I said to him to leave it as it is, as it appeared quite expensive to put=new ones, but the Penn told me today, that he has got your approval to put=the new ones, is that right?

Also there is one bookcase from the store called Lazzoni, that I had to can=ell, as they have changed its design, so there should be a full refund on =our credit card.

And also Penn said that they should be done on Thursday with the bathroom i= 8H, so painting can get started on Friday.
