Hi [REDACTED],

I just want to make sure you received all the proof and that you are not having any issues accessing the photos. Let us know if you need anything.

Best,  
[REDACTED]

Hi Jeffrey & [REDACTED]

I hope you are well. We have attached to this email your un retouched - raw images from our shoot. If you feel that any of the photos are too dark or too light, it will all be corrected in retouching. The same goes for any cords or anything that might be distracting in the image. Once we have retouched your selection, the images will be stunning. Please let us know which 50 images you choose and we will start working on them.

With regards to payment we ask that you pay in full prior to delivery, which can be done via check or credit card.

Happy Editing! Thanks again and we look forward to working with you soon.

Best,  
Michael
