Ok let me talk to Kevin again and see what we can do.

Thanks

I'm waiting to hear back from Andrew, the super, to confirm the building will be taking care of the cost of repairs since I'm guessing it was a structural issue that caused the leak.

It seems quite expensive to replace the current flooring. Is there perhaps a different alternative that would be less expensive; a different type of wood flooring perhaps?

Also, the bedroom doesn't need to be done in this apt..we will be carpeting it.
