L=ok for the beauty around you--in nature, in others, in yourself--and =believe in the love of friends, family, and humankind. you can find love =n a smile or a helping hand, in a thoughtful gesture or a kind word. it =s all around, if you just look for it.

<=:p>

G=ve love, for in giving it you will find the power in life along with =he joy, happiness, patience and understanding. believe in the goodness =f others and remember that anger and depression can be countered by =ove and hope.

E=en when you feel as though there isn't a lot you can do to change =nhappiness or problems, you can always do a little--and a little at a =ime eventually makes a big difference.
