Good morning, Karyna,

Thank you for inquiring. We need two lamp shades for the movie room. See attached photos. The old one is rectangular: =2" x 15 3/4" x 15 3/4".

Also Dupson made some requests: (3) 21 feet =ole saw, 3 -extension and (12) hand pruners please? See attached photos.=C2◆

Also, could you p=ease work with Mr. Epstein on selecting fabric for the banquette since he =idn't care for the last fabric. Also, he instructed us to take the=Pinto rods down in the Cabanas. He didn't care for them because th=y were black. Would you like us to paint them white? He had also instructe= us to take down the curtains prior to that. Could you confirm what he or =ou will want to go in their place?

=div dir="auto">This is all I can think of in the moment. If any of these=items are not suitable for the plane, we'll see about ordering the=.

Thank you,
Stephanie
