Hi Bill,

Thank you for this info. I have the rough sizing of the panels which is =bout 12'x17'. What are the options for something that large?

> Hey Lindsey! I have a work related question. I need to print 3 really big photos preferably on canvas for my boss' house in NY. He wants me to print a sample photo first 8'x8' to play with the idea of the photo first before proceeding with the final photos. What sort of material can you print a photo 8'x8' on? The final photos are going to be even bigger than that..will try and get exact dimensions today or tomorrow.
